

**Joint Information Center - JIC Release No. 609**  
**March 21, 2021, 4:10 p.m. (ChST)**

**Results: Zero of 95 Test Positive for COVID-19;**  
**COVID-19 Community Testing on March 23 & 26 in Tiyan;**  
**COVID-19 Vaccination Clinics for March 22 – 27 for UOG Fieldhouse, Village-Based,**  
**Homebound**

**Results: No New Cases of COVID-19**

No new cases of COVID-19 were identified out of **95** tests performed on Saturday, March 20. To date, there have been a total of **7,780** officially reported cases of COVID-19 with **134** deaths, **28** cases in active isolation, and **7,618** not in active isolation.

**TODAY'S CAR SCORE<sup>1</sup> 0.1**

<sup>1</sup>The COVID Area Risk (CAR) Score accounts will be recalculated once reports from all participating labs are up to date. The CAR Score accounts for the incidence of new cases, how well current testing identifies these cases, and the rate of spread. The ideal long-term goal is to sustain a CAR Score of 2.5 or less, which has been shown to correlate with very low to zero COVID-related hospitalizations and deaths.
